

ANNUAL REPORT

INTRODUCTION

The buds of education are blooming with the fragrance of intelligence plus character.

A heart filled with aspirations is all that we knew since the very existence of the school and that's what gave us the ambition of marching forward till excellence is achieved in all our endeavors. This report is comprised of the achievements made during the year gone by and at the same time set the path for greater accomplishments in the years to come

Indraganesan Educational & Charitable Trust, Thiruchirappalli, which has consistently followed a growth path owing to our philosophy of constant innovation, up gradation and well defined quality policy.

T. Ganesan, the founder and chairman, originally hails from a family of productive agriculturists and became a well known businessman .

Er. G. Rajasekaran, secretary of Indra Ganesan Educational and Charitable trust who is well known person in around trichy and tamil nadu mere to his fabulous service to the education society and his community outreach .

Our beloved managing director dr. G. Balakrishnan, he is very keen interest in ensuring that the students are well taken care of in terms of maintenance of discipline, academic excellence and teachers performance appraisal maintaining culture and heritage.

VISION AND MISION

VISION :

We have envisioned Sigma to Provide holistic development of the child

- Be the primary center of comprehensive learning
- Be the center of excellence in the field of education
- Establishing a strong tradition of high quality , reliability and cost effectiveness
- Nature innovation ,creativity and decision making in a child
- Mold our student to be compassionate ,progressive and professionally successful human beings responsive to global culture and heritage

MISSION

Sigma school focuses on being the stepping stone of a child and provides comprehensive inputs for developing as better individuals

We are aimed to provide holistic development of the child

- Render unsurpassed education
- Kindle the hidden talent of the young minds
- Quality inclusive learning environment that is responsive to student voice.

We proudly have 71 students in this year.

In Morning our School started with the assembly followed by classes. We provided hot soup or fresh juices at the break time. Afternoon we provided healthy hot lunch and in evening we serve hot milk with healthy snacks according to the day chart schedule.

Transport facilities were provided area wise with caring attenders.

ACADEMICS

Brief review of the academic session 2019 – 2020.

1. To nourish the academics, CBSE patterns in time table, assessments like Multiple Assessments, Subject Enrichment Activity and Portfolio was introduced.
2. As a part of academics 21st century skills like Project Based Learning and LSRW was introduced.
3. To uplift the academic performance Review and Recap period was introduced.
4. To inculcate the basic skills in toddlers FINE MOTOR SKILL, GROSS MOTOR SKILL , SOCIAL AND EMOTIONAL SKILL were introduced.
5. Learners were assessed daily by Dojo App and the assessments were conducted through online.
6. New lesson plan pattern with Blooms Taxonomy, Patterns for assessments , pattern for report card based on CBSE was introduced.
7. Google Class room Application was introduced to the educators to maintain the academic documents and circulars.
8. Daily home works, activities and the reports were sent through Whats App to the parents.
9. Educators were also assessed through Dojo App and online test. The best performers were honored every month.
- 10.As per the CBSE, Periodic Tests and Term Exams were conducted.

Effective teaching absorbs the young minds easily. Our teachers explain the content by using smart board classes. High Quality effective teaching of our school brought every student as a successful one. Individual caring promoted them to their next level of education.

We equipped their knowledge with practicals conducted in Science lab, Computer lab. We have a well equipped library to widen their learning. NCERT syllabus was followed which develop their hierarchical order of thinking. We also maintain health records month wise based on their height and weight. At the end of every term, Parent- Teachers' meeting was conducted. We appreciate their valuable feedback. We thanked them for their continuous support.

Co-Curricular Activities

At SIGMA, we believe in working with students to create future global citizens who are not only well educated, but also well – rounded.

1. To help reach that goal, we introduced good habits like early wakeups, prayers, blessings from parents, organized timings for studies and physical workouts for healthy life through SIGMA 48 program.
2. Work education forms an indispensable parts of the school curriculum. Based on CBSE we introduced work education to the children to align the skills towards the goal.
3. Art and craft activities help instill a sense of achievement and pride in children, boosting their self-confidence. To inculcate the creative thinking in children Visual and performing arts (VPA) period was introduced.
4. Life skill education helps in creating a strong positive powered force of citizens who in the coming future will contribute to the society. For this Life skill period was included in the co-curricular and it facilitates character building and preserves the value of society.
5. School can play an important role in inculcating gender sensitivity in etiquettes and manners of students. A detailed action plan with definite road map is prepared to achieve gender equality in SIGMA.
6. Silambam, Chess , Abacus, Yoga are conducted as extra curricular activities in SIGMA.
7. As a part of academics field trips were arranged to bring the knowledge of Railways , Postal departments and banking sectors. Learners interacted with the employees of the sectors and learned the importance and the benefits of each departments.

We shaped their talents through extracurricular activities such as Art/ Craft class on Tuesday , Abacus on Wednesday, Silambam on Thursday and Yoga on Friday .

Music and Classic dance classes are also provided to the students to exhibit their talents. We arranged cursive writing special classes conducted by Dr. Kalam Institute of hand writing.

We motivated and extended their knowledge by giving projects in all the subjects. **Project Expo- 2020** was conducted and it was evaluated by Vice -Principal of Indra Ganesan college of Education in the month of January. Students submitted their innovative projects with explanations on that day.

Teachers worked collectively with the fervent to felicitate the student learning and promote values that enable students to live successfully in the changing society. Along with the academics, we also connect them to the real world through field trip. It enriched their minds by visiting the different places.

- i) Printing press of Vikatan
- ii) Saibaba temple
- iii) Head post office
- iv) Farm house

We are proud to announce our students Siranjeevi Sanjay of Grade VI and Srihari of Grade VIII excelled in Chess Competition at state Level.

Celebration of days motivate the young minds to create something.

Save a life, Give blood - It is the theme of Blood donor day in our school. It was celebrated on July with the special chief guest Dr. Edmond William ,Chairman, disaster management Committee, Joint Secretary Indian Red cross society, Trichy. He delivered speech about the importance of blood donation.

CONCLUSION

We are drowning in information and severely starving for wisdom today. Fortunately, we are empowered with demographic dividend knocking on our door. We just need to break the cocoon and let in the beautiful colours of knowledge. I am sure in the coming years, we shall successfully channelize the halo of the young minds to explore best of their abilities.
